

# Paramètres Système & Notifications

## Paramètres Notifications:

Activez les notifications par e-mail

Personnalisez vos alertes selon vos besoins

(validation de congés, mises à jour de profils, rappels d'échéances, etc.)

Pour activer vos notifications :

- Choisissez le type de notifications à activer
- Activer le type de notification
- Choisissez vos destinataires (managers, collaborateurs, administrateurs)
- Sauvegardez vos préférences pour appliquer les changements

The image displays three sequential screenshots of the Talento system's configuration interface, illustrating the steps to activate email notifications. Blue arrows from the text on the left point to specific elements in the screenshots.

**Screenshot 1: Configuration Overview**  
The 'Paramètres système' (System Parameters) module is highlighted in the 'Paramètres et Suivi' (Parameters and Monitoring) section. The sidebar on the left shows the navigation menu with 'Configuration' selected.

**Screenshot 2: Notification par Email Configuration**  
The 'Notification par Email' (Email Notification) configuration page is shown. The 'Type de Notification' (Notification Type) dropdown is highlighted, showing options like 'Anniversaires collaborateurs' (Collaborator Birthdays). The 'Actif' (Active) checkbox is checked, and the 'Sauvegarder' (Save) button is visible.

**Screenshot 3: Add Subscriber Modal**  
A modal window titled 'Ajouter un abonné' (Add a subscriber) is shown. It prompts for 'Nom' (Name) and 'Email'. Below, it allows selecting the frequency of notifications: 'Tous' (All), 'Date exact' (Exact date), 'Date-1 Jour' (1 day), 'Date-3 Jour' (3 days), 'Date-7 Jour' (7 days), 'Date-15 Jour' (15 days), and 'Date-30 Jour' (30 days). The 'Sauvegarder' (Save) button is highlighted.
